

# Repeating Laboratory Tests- Patient Instructions

Appointments can be made for your convenience.

To make an appointment either on-line: [dynamifedx.com](http://dynamifedx.com)

Or call the Customer Care Centre: (780) 702-4486

Toll free: 1-877-702-4486

Early morning appointments are the most popular with our customers and are often booked well in advance.

- You can make appointments up to 3 months in advance.
- Please consider making a mid-morning or mid-afternoon appointment if you do not have to fast.
- If you have to fast, you may have more opportunity to make a mid-morning appointment if you start your fast later in the evening.

If you cannot keep your appointment, please cancel it online at [dynamifedx.com](http://dynamifedx.com) or by calling the Customer Care Centre.

*DynaLIFE Dx* also welcomes walk-in patients at our Patient Care Centres.

Walk-in patients are seen in the order of the walk-in queue.

---

Your doctor has given you a requisition ordering laboratory tests that must be done according to a **specified schedule**.

**You** are responsible for having your laboratory work done according to the schedule.

What you can expect:

---

New requisition	Please bring the requisition to the laboratory. The laboratory staff will <ul style="list-style-type: none"><li>• Stamp or write the expiration date on the requisition.</li><li>• Make a copy of the requisition for test(s) collected today.</li><li>• Give you back the original requisition.</li><li>• Give you a folder to hold the requisition and these patient instructions.</li></ul>
Next visits	Please bring the folder with the <b>original</b> requisition to the laboratory <b>every</b> time you need your blood collected. If you forget your requisition, the laboratory staff <b>cannot</b> collect your specimen. The laboratory staff will <ul style="list-style-type: none"><li>• Make a copy of the requisition for test(s) collected that day.</li><li>• Give you back the original requisition.</li></ul> For your convenience, the back of these instructions has a place for you to keep track of the dates of your laboratory tests.
Expiry date	The laboratory <b>cannot</b> collect your test(s) using an expired requisition. The laboratory staff will <b>keep</b> the expired requisition because it is important that you consult with your doctor periodically to ensure that the right laboratory tests continue to be requested. <b>You</b> must get a new requisition from your doctor.
